LOT OVERVIEW

Washed Kintamani green from subak abian cooperatives, roasted at Agtron whole bean 55 to 66 so the citrus acidity and clean sweetness stay in the cup. Organic and Fairtrade certified through to the sealed bag, which is why it anchors most of our retail private label work, on the grade of green the shelf price allows.

Figures are typical for the current crop and are confirmed lot by lot on the contract. The signed grading sheet and cupping score travel with every shipment.
