LOT OVERVIEW

Sun dried robusta from Lampung and South Sumatra at 300 to 800 m, machine hulled and polished, screened to 16 up for EK-1 contracts or 13 up for blend volume. The defect grade is contracted separately from the screen: Grade 1 and 2 for espresso blends and premium soluble, 4a and 4b for the extraction volume most of this coffee ships as.

Figures are typical for the current crop and are confirmed lot by lot on the contract. The signed grading sheet and cupping score travel with every shipment.
